

Dying for a new boat?

It shouldn't have to come to that.

Boats are what we do, not what you die for.

Getting out on the water is a favourite Aussie past-time and we want to help you make sure that the boat you purchase is suitable for you and what you want it to do.

Purchasing a boat is a big investment and things can and do go wrong so you want the best advice possible.

Engaging a Certified Commercial Marine Surveyor™ to help you buy a boat makes a lot of sense. A quality condition survey is the best investment that you will make as part of the buying process.

Getting it right the first time may just save your life.

So how do you choose a surveyor that is right for you?

There are no Government controls that regulate the minimum qualifications or experience required by a marine surveyor in the recreational boating industry.

The Australasian Institute of Marine Surveyors encourages boat owners to only engage a Certified Commercial Marine Surveyor™.

We care passionately about getting you out on the water because we love it too – but more than that we care about your safety and that means we care about your boat.

Check your marine surveyor's qualifications yourself or talk to us before you purchase a boat or engage a marine surveyor.

It's our profession, not our part time job.

To become a Certified member of the AIMS, surveyors must provide evidence of their qualifications and experience that support the areas of specialisation they advertise.

AIMS Surveyors also commit and adhere to the AIMS Code of Professional Practice giving you, the boat owner, greater peace of mind.

We want you to have a new boat but you shouldn't have to die for it!
