

Introduction to Cigisped Yacht Transport

Cigisped Middle East Yacht Transport specialize in the shipping of boats, yachts and mega yachts.

Cigisped operates worldwide offering a complete yacht transport service to a wide range of destinations across the globe.

Shipping a yacht is a delicate operation that requires the full attention and expertise of professionals both on the operational and commercial side.

For Survey and Load Master work in Asia we engage the services of Andaman Marine Surveyors (AMS).

Our priority is to offer our clients a competitive service without having them compromise with safety or quality.

From pick-up to final delivery, your vessel is in trusted hands.
