ANDAMAN MARINE SURVEYORS

Executive Summary:

ANDAMAN MARINE SURVEYORS - INSURANCE CLAIMS & LOSS ADJUSTER

Andaman Marine Surveyors (AMS), established in 2012 and based in Phuket, Thailand - the yachting hub of Southeast Asia - specializes in comprehensive marine surveying and loss adjusting services.

Founded by Captain Anthony Gates (DipMarSur, DipComMarSur), AMS offers tailored solutions through a professional, client-centric approach, supported by local expertise and extensive industry networks.

Our core services include:

- **Condition & Value Insurance Surveys:** Independent assessments to support underwriting and risk management.
- **Vessel Valuations:** Establishing fair market value for insurance and transactions.
- **Salvage Assistance:** Advising on salvage operations to mitigate environmental and financial risks.
- **Damage Surveys:** Evaluating vessel damage, recommending repairs, and supervising the repair process.
- **Casualty & Loss Investigations:** Determining the cause, nature, and extent of casualty and loss claims.
- **Loss Adjustment:** Supporting underwriters in assessing and settling claims.

Recognized for our regional coverage, Anthony holds an APEC card, enabling pre-clearance for operations across 18 Asia-Pacific countries. This facilitates the seamless delivery of services throughout Southeast Asia and beyond.

As members of the International Institute of Marine Surveying (IIMS) and the Australasian Institute of Marine Surveyors (AIMS), AMS maintains professional indemnity and liability insurance.

We currently serve numerous international insurers and underwriters, leveraging our expertise to deliver efficient, customized services that mitigate risks and streamline the claims process.

Our strong market presence is demonstrated by the demand for our services as summarized in the "**List of Recent Insurance Claim Appointments**".

The CV of AMS Managing Director and Principal Surveyor, Captain Anthony Gates, demonstrates vast experience and qualifications, along with referees from both CHUBB Australia and Thailand.

We provided a distinct advantage over other "Loss Adjusting Companies" through our specialized expertise in luxury power and sailing yachts, differentiating us from firms whose focus is primarily on commercial shipping.

For further information on our **INSURANCE CLAIMS & LOSS ADJUSTMENT** services, please do not hesitate to contact Captain Anthony Gates directly at anthony@ams-sea.com or WhatsApp on +66 818939985.

ANDAMAN MARINE SURVEYORS

Market Presence & Influence:

AMS provides marine claims and loss adjusting services throughout Asia, acting on behalf of prominent international insurers and underwriters. This activity highlights the company's consistent market presence and the trust it has established within the industry. The firm's influence is principally derived from its specialized expertise in luxury yacht claims, streamlined cross-border operations, and the substantial volume of cases it manages across Thailand, Malaysia, Indonesia, and the broader Asia-Pacific (APAC) region. The sustained demand from international insurers and underwriters is further evidence of AMS's robust market position, which is detailed in the "List of Recent Insurance Claim Appointments"

Operating Model

The AMS operating model is structured upon core principles designed to deliver efficient and expert service:

- **Specialisation:** Concentrated expertise in the niche sector of luxury yachts.
- **Speed:** Characterized by rapid triage, expedited reporting, and decision-making led by senior personnel.
- **Transparency:** Maintained through clear escalation protocols and consistent client communication.

Governance of operations is the responsibility of the Principal Surveyor, Anthony Gates. He is supported by qualified technical staff and a structured reporting framework that includes regular weekly touchpoints, comprehensive monthly summaries, and real-time updates for high-severity incidents.
